Bharati Vidyapeeth (Deemed to be University) Centre for Health Management Studies and Research

India's healthcare sector, with its diverse array of nursing homes and multi-specialty hospitals, has grown significantly but lacks uniform functioning and regulation. To address this, the Center for Healthcare Management Research was established at Bharati Vidyapeeth (Deemed to be University), Pune.

We focus on bridging this gap by providing enhanced governance training and developing healthcare managers. Our Center has rapidly evolved into a specialized training facility for various healthcare management cadres, with a core emphasis on delivering patient-centered care and setting the stage for improved homogeneity and operational standards within the Indian healthcare landscape.

Objectives of MBA (Healthcare & Hospital Management)

- To provide a knowledge base for individuals who are interested in hospital and health care management.
 - To help professionals develop analytical skills to face various issues in management of healthcare organizations.
 - To enhance professional knowledge through theoretical, practical and on field training.
 - To contribute trained and qualified personnel to ever growing field of hospital and healthcare management.
- 

Highlights

Competency-based Curriculum

Our college offers a forward-thinking MBA (Healthcare & Hospital Management) program with a competency-based curriculum. Designed to meet industry demands, it focuses on practical skills and real-world application. Students engage in hands-on learning, case studies, and internships to master healthcare management, strategic planning, and patient care delivery. This approach ensures that graduates are prepared for leadership roles in healthcare management, and equipped with the necessary skills to navigate and innovate within the complex healthcare environment.

Choice-based Credit System

We offer a flexible MBA (Healthcare & Hospital Management) program with a Choice Based Credit System (CBCS). Students can tailor their education by choosing courses across hospital and healthcare management. This adaptable approach allows for personalized learning paths that cater to individual career aspirations and interests. With practical internships and industry projects integrated into the curriculum, graduates gain comprehensive skills and knowledge essential for successful careers in hospital administration and healthcare leadership roles.

Interdisciplinary Environment

Immerse yourself in our MBA (Healthcare & Hospital Management) program's interdisciplinary environment. Collaborate across healthcare disciplines to innovate solutions and gain comprehensive insights. Prepare to excel in diverse healthcare settings with a well-rounded education that blends theoretical knowledge with practical application and interdisciplinary perspectives.

Practical Exposure

We provide practical exposure for the MBA (Healthcare & Hospital Management) program. Students engage in hands-on learning through internships, case studies, and industry projects. This approach equips graduates with real-world experience in healthcare management, preparing them to navigate and innovate within the complexities of hospital administration effectively.
